Before the completed transfer of our project from ORE to 00 and before the fiscal year is up, we would like to repeat several unanswered questions.

From our letter of 9 April, 1948: We still have not received return receipt no. 10178 requested with our letter of 15 March, 1948 to Mr. Babbitt and which included fingerprint forms on Mr. Krassovsky, report on UCLA trip etc. Did you receive this letter?

From our letter of 5 March 1948: Has reimbursement yet been arranged for the repairs on the portable typewriter? To justify our request for reimbursement for this expense, I refer you to the explanation in that letter and to the authorization for such repairs in Mr. Babbitt's letter of Sept. 12, 1947.

As always, we are anxious to hear from you.

Sincerely,

50X1
